

Basic Detail Report

Domed Chest

Medium

White pine

Description

This massive red-painted six-board domed storage chest features a heavy lid worked from a single section of tree trunk with added solid side panels. Sturdy wrought iron rattail hinges attach the lid to the chest body, which

includes pairs of wrought iron bracket braces on all four side corners and all four bottom edges. Heavy wrought iron bail handles with shaped iron backplates on the left and right sides provide a means to lift the chest. A heavy wrought iron hinged hasp attaches to the lid's center front edge and folds over a large square wrought iron lock plate affixed to the center of the trunk front.

Dimensions

31.63 × 59 × 26 in. (80.3 × 149.9 × 66 cm)
