

Basic Detail Report

Surgical Kit

Primary Maker

Wade & Ford

Medium

Mahogany, brass, velvet, steel

Description

A rectangular surgical case of mahogany, with brass hardware consisting of a keyplate on the front panel, two hinges in the rear, four plain corner guards on the lower portion, and four stylized corner guards on the lid.

There is also an oval-shaped brass nameplate centered on top, although there is no legible inscription due to surface deterioration. The case opens to reveal a velvet lined interior, with fitted compartments for each of the instruments.

Dimensions

2.5 × 5.5 × 16 in. (6.4 × 14 × 40.6 cm)
