## Apothecary Chest

### Primary Maker

J.O. Green's Drug & Prescription

### Medium

Wood, leather, cardboard, iron, steel, velvet, glass, paper

### Description

A rectangular apothecary chest covered in tanned leather, with a deep lid and front key lock. The lid opens to reveal a compartmentalized interior, with two lift out trays. The top tray holds assorted stoppered glass pharmaceutical bottles, and has a smaller tray in the center with leather pull tabs on either side. A second tray underneath contains 12 cardboard boxes of various medicinal powders and pills. The very bottom of the chest contains four circular fixed compartments for ceramic lidded jars.

pull tabs on either side. A second tray underneath contains 12 cardboard boxes of various medicinal powders and pills. The very bottom of the chest contains four circular fixed compartments for ceramic lidded jars.

### Dimensions

9.5 × 10.5 × 7.5 in. (24.1 × 26.7 × 19.1 cm)
