## Yarn Sample Case

### Primary Maker

A. and M. Karagheusian

### Medium

Varnished maple, brass, wool yarn, cardboard

### Description

A rectangular suitcase-style portable carrying case of varnished maple wood, with brass metal handle and two snap closures. The lid opens to reveal a black painted

wooden tray with 98 7/8" diameter circular holes for yellow cardboard tubes (66 tubes, with fifteen empty unnumbered tubes) used as receptacles for tufts of sample yarns. Each tube is hand numbered with specific dye color numbers, and some with additional notations regarding color corrections and other information.

### Dimensions

4.75 × 10.38 × 18.75 in. (12.1 × 26.4 × 47.6 cm)
