

Chest of Drawers

Medium

Walnut, hard pine, and white cedar

Description

Rectangular top with moldings applied to the front and side edges. Four graduated drawers have thumbnail molded edges, pairs of original brass bail handles with round backplates, and small original center oval brass escutcheons. The front corners of the case are ornamented with quarter columns that have three flutes. Simple ogee bracket feet are found on both front and back corners below applied front and side moldings. The reversed rear drawer dovetails are pinned on the sides.
